

Mehreen Mahbub

Undergraduate Student

Department of Chemistry and Biochemistry

Queens College – City University of New York

65-30 Kissena Boulevard Queens, NY 11367-1597

Office: Science Bldg. B-304

Lab: Science Bldg. B-301/302/303

- Mehreen Mahbub joined Queens College in 2018 after transferring from Queensborough CUNY and is currently doing B.A./M.A. in Biochemistry. She started her school in 2017 as an undergraduate student in Kansas, then transferred to Queensborough CUNY, and finally to Queens College CUNY in 2018.
- She is a MARC student and is currently gaining more experience in research so that she could get into her desirable Ph.D. program.
- She has been on “President Honors Roll” in 2017 while in Kansas, and on “Deans list” in 2018-2019 in Queens College for her Academic Excellence.
- She intends to contribute to the development of new ways of treating rare diseases.
